

## **R H E N O C O L L Anti Graffiti Cleaner AGC 7**

Use for the removal of Graffiti and for the cleaning of retro-reflecting street sign foil

### **Product properties:**

Liquid to gel like, solvent color remover, especially for Graffiti for removing color on masonries and mineral substrates (plaster,...).

### **Processing:**

Apply **Rhenocoll Anti Graffiti Cleaner AGC 7** undiluted with a paint brush, roll, brush or spray bottle; work preferably bottom-up. Before application of the Graffiti remover moisten the surface under the Graffiti full with water. **Attention:** Do not moisten the surface which is to be cleaned as the cleaner can only be stopped in connection with water (no effect of cleaner). Let it act for approx. 5 minutes till the color will ripple (possibly rub easily it in with a brush). After this neutralize with water till the wash water will react pH-neutral. Use high compressed air cleaner for especially stubborn dirt.

### **Processing relevante technical data:**

Durability : 24 months in original container from fabrication date  
Storage conditions: frost free, dry and cool  
pH-value: approx. 6-8  
Ingredients: Mixture of mono and di-carbon acid ester, alcyldiglykolen, alcylpolyglykolethern and tensides  
WGK: 1, biodegradable  
Consumption: according to pollution – 1 liter for 5-10 m<sup>2</sup> (approx.-value)  
Hint: basically check compatibleness before use.  
Please note absolutely the processing and safety hints on the EG-safety data sheet.

**Supply unit:** 10 and 20-liter-container

### **Storage:**

In well closed original container the product is storable for 12 months in dry and tempered rooms (not under + 10°C).
