## 4. First-aid measures

If poisoning occurs, contact a doctor or Poisons Information Centre Phone 0800 764 766.

**Ingestion:** If swallowed, do not induce vomiting. Seek medical assistance.

**Inhalation:** Remove victim from area of exposure. Remove contaminated clothing and loosen remaining clothing. Allow patient to assume most comfortable position and keep warm. Keep at rest until fully recovered.

**Skin Contact:** If skin contact occurs, immediately remove contaminated clothing and wash skin thoroughly using soap if available. If irritation occurs seek medical advice.

**Eye Contact:** Immediately flush eyes with water for at least 15 minutes and see a doctor.

### Notes to physician:

Treat symptomatically. If skin sensitization has developed and causal relationship has been confirmed, further exposure should not be allowed.

## 5. Fire-fighting measures

**Specific Hazards:** Not classified as flammable but will burn. Carbon monoxide may be evolved if incomplete combustion occurs.

**Fire-fighting advice:** Fire fighters to wear self-contained breathing apparatus and suitable protective clothing. Keep adjacent containers cool by spraying with water.

**Suitable Extinguishing Media:**

**Hazchem Code:** Carbon dioxide, dry chemical, foam or water fog.  
2X

## 6. Accidental release measures

**Emergency procedures:** If contamination of sewers or waterways has occurred advise local emergency services.

**Methods for containment & clean up:**

For small spills: Avoid accidents, clean up immediately. Wear protective equipment to prevent skin & eye contact. Wipe up with rag or absorbent paper.

For large spills: Wear protective equipment to prevent skin and eye contamination and inhalation of vapours. Contain - prevent runoff into drains and waterways. Use absorbent material (sand or earth). Collect and seal in properly labeled containers for disposal.

## 7. Handling and storage

**Handling advice:** Avoid contact with skin and eyes and clothing. Avoid breathing vapours. No smoking, open flames or sources of ignition in handling and storage areas. Electrically ground all equipment.

**Storage advice:** Keep container tightly closed and dry. Store at ambient temperatures.

## 8. Exposure controls/personal protection

**Occupational Exposure Limits:**

No value assigned for this specific material by the New Zealand Occupational Safety and Health Service (OSH).

**Engineering Control Measures:**

Ensure ventilation is adequate.

**Personal Protective Equipment:**

Wear overalls, chemical goggles and rubber gloves. Use with adequate ventilation. If inhalation risk exists wear organic vapour/particulate respirator meeting the requirements of AS/NZS 1715 and AS/NZS 1716. Always wash hands before smoking, eating, drinking or using the toilet. Wash contaminated clothing and other protective equipment before storage or re-use.
